PROFESSIONAL SUMMARY

Motivated undergraduate IT student with hands-on experience in software and web development, working with technologies such as HTML, CSS, JavaScript, Java, C++, Python, and SQL. Experienced in developing full-stack applications, mobile applications, and database-driven systems. Strong problem-solving, teamwork, and communication skills with a passion for learning modern software development technologies.

EDUCATION

B.Sc. (Hons) in Information Technology (Specialized in Information Technology)

Sri Lanka Institute of Information Technology (SLIIT) | Nov 2023 – Present

Relevant Coursework: Object-Oriented Programming (OOP), Data Structures & Algorithms, Web Application Development, Mobile Application Development, Database Systems, Software Engineering.

TECHNICAL SKILLS

Programming: Java, C, C++, Python, JavaScript, SQL

Web Technologies: HTML, CSS, React, Next.js, Node.js, Express.js, Tailwind CSS, Spring Boot

Databases: MySQL, PostgreSQL, MongoDB

Tools: Git, GitHub, VS Code, Figma, VMware

PROJECTS

Bus Rental System | React, Node.js, Express.js, MongoDB

- Developed a bus rental management platform for online booking, fleet management, and customer support. Designed REST APIs and integrated database operations for efficient booking management.

Smart Campus Hub | React, TypeScript, Node.js, PostgreSQL, Tailwind CSS

- Built a full-stack smart campus management system with project management, role-based access control, and real-time notifications to improve collaboration among users.

Student Project Intelligence & Collaboration Platform with GitHub | React, TypeScript, Node.js, PostgreSQL, JWT

- Created a GitHub-integrated collaboration platform for repository management, project tracking, team communication, and secure user authentication.

Daily Habit Tracker App | Kotlin, Android Studio

- Developed an Android application for tracking daily habits, monitoring progress, and managing personal goals through an intuitive user interface.

My Portfolio Website | Next.js, JavaScript, Tailwind CSS

- Designed and developed a responsive portfolio website to showcase technical projects, skills, and achievements with optimized performance.

Vehicle Service Booking System | Python, Flask, MySQL, MongoDB

- Built a service booking platform enabling appointment scheduling, booking management, and customer record management.

CERTIFICATIONS

Python for Beginners • Front-End Web Development • AI/ML Engineer Stage 1 • AI/ML Engineer Stage 2

• Cybersecurity Foundations • Web Design for Beginners • MongoDB Atlas Administrator Path

SOFT SKILLS

- Problem Solving • Analytical Thinking • Teamwork • Communication • Time Management • Adaptability
- Continuous Learning • Attention to Detail
