Professional Summary

Motivated undergraduate IT student with hands-on experience in software and web development, working with technologies such as HTML, CSS, JavaScript, Java, C++, and MySQL. Actively builds academic and personal projects, demonstrates strong problem-solving skills, and is eager to apply technical knowledge and teamwork skills in real-world software development environments.

Education

B.Sc (Hons) in Information Technology Specialized in Information Technology

Sri Lanka Institute of Information Technology

11/2023 – Present

Malabe, Sri Lanka

Technical Skills

Java, C, C++, JavaScript, SQL, Python, Spring Boot, HTML, CSS, React, Node.js, Tailwind CSS, Figma, Git & GitHub, VS Code, MongoDB, PostgreSQL, VMware

Projects

Bus Rental system

Technologies: React, Node.js, Express.js, MongoDB, REST APIs

Developed a bus rental management platform for booking, fleet management, and customer support.

Smart Campus Hub

Technologies: React, TypeScript, Node.js, Express.js, PostgreSQL, Tailwind CSS

Developed a full-stack smart campus management system with project management, real-time notifications, and role-based access control.

Student Project Intelligence & Collaboration Platform with GitHub

Technologies: React, TypeScript, Vite, TailwindCSS, Node.js, Express.js, PostgreSQL, JWT
Created a project collaboration platform with GitHub integration for repository management and progress tracking. Implemented team collaboration and project monitoring features.

Daily Habit Tracker App

Technologies: Kotlin, Android Studio

Developed a habit tracking application to monitor daily activities and personal goals.

My Portfolio

Technologies: Next.js, JavaScript, Tailwind CSS

Developed a responsive portfolio website to showcase projects, skills, and professional achievements.

Vehicle Service Booking System

Technologies: Python, Flask, Bootstrap, MySQL, Mongo DB

Built a vehicle service booking platform with appointment scheduling and booking management features.

Certificates

- Python for Beginners
- Front-End Web Development
- AI/ML Engineer – Stage 2
- Cybersecurity Foundations
- Web Design for Beginners
- AI/ML Engineer – Stage 1
- MongoDB Atlas Administrator Path

Soft Skills

Problem-solving and analytical thinking, Effective communication, Teamwork and collaboration, Time management, Adaptability and continuous learning, Attention to detail
